WEATHER

WEATHER SYNOPSIS BY REGION:

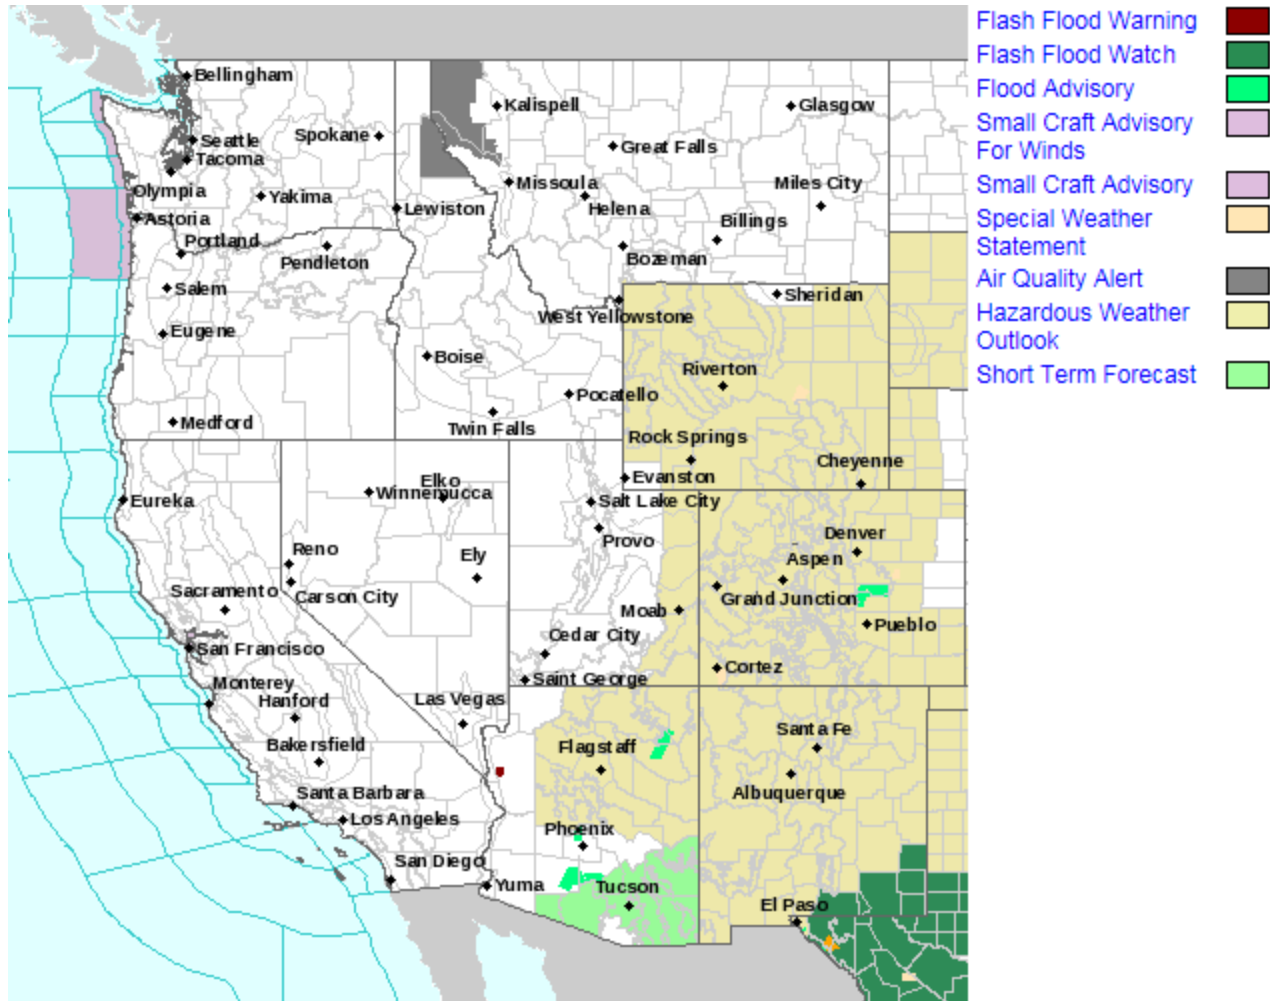

NORTHERN CALIFORNIA

Fairly strong high pressure aloft will govern Northern California weather for the next several days. For most areas the ridge will be at peak strength about Thursday, with only very minor weakening on Friday. There will be a general warming trend, with maximum temperatures climbing by Thursday to 5-11 degrees above seasonal norms. This will put the warmest lower valleys inland into an 88-93 degree range for Thursday-Friday. Humidity will not be overly low these next few days, as the ridge axis aloft won't be in a favorable location for much of Northern California subsidence. Most minimum readings will be in a 13-30% range inland, and overnight recovery will range from very good in valley bottoms to moderately dry at mid slope and above (thermal belt areas). Northern California winds through Thursday stay generally quite light in night and morning hours and mostly under 12 mph in the afternoons, being primarily either south southwest to west northwest, or just light up drainage. A weakened Pacific frontal system dies just off our north coast late Friday, but it does serve to help flatten the ridge somewhat, while helping to push its axis east toward Utah. This allows a second, slightly stronger and moister, frontal system to bring a better chance of light rain or showers to the northwest corner of California Saturday night or Sunday. Confidence on Day eight and beyond is extra low right now, as longer range weather models have had a poor track record lately.

SOUTHERN CALIFORNIA

An upper level low pressure area will continue to churn slowly eastward into Arizona today. Isolated showers and thunderstorms will still be possible, primarily across the eastern deserts. Cumulus buildups and one or two showers may also occur on the north side of the Angeles and San Bernardino National Forest and the Kern County Mountains this afternoon. The rest of the area will see partly to mostly sunny skies and slightly warmer temperatures. Expect highs today to reach the 70s at the coast and 80s in the lower valleys. Wednesday high pressure will begin to nose into the central part of the state which will kick off a warming trend which will last into the weekend. Temperatures should climb about 5 degrees each day with the peak of the heat likely occurring Friday and Saturday. By then, expect highs to be in the 80s in the mountains and along the coast to near 100 in the lower foothills and valleys of Southern California. Offshore pressure gradients are expected to develop, which will generate night through morning east and northeast winds Thursday night through Saturday morning. Wind speeds are not expected to be strong, but some passes and canyons of Southern California may see winds of 15-25 mph each night. Minimum relative humidity will likely reach the single digits across lower elevations by Thursday afternoon with poor recovery in some of the breezier passes. Early next week, subtropical moisture may cycle back into the region, allowing for higher humidity, an increase in cloud cover, and a return of onshore flow.

STATE WEATHER MAP

Last map update: Oct, 6th 2015 at 5:46:18 pm MDT

SITUATION SUMMARY

FIRES, NORTHERN OPERATIONS AREA

Valley, Vegetation Fire, Lake and Napa and Sonoma Counties

Location: Bottle Rock Road x Glenbrook Road, Northwest of Middletown

Jurisdiction: State DPA, SRA

Start Time: 09/12/15 at 1325

Per Cal OES, CAL FIRE, and ICS-209 [as of 10/06/15 at 1615 hours](#):

- 76,067 Acres, [100% Contained](#)
- Structures Damaged: 41 Single Residences, 7 Nonresidential Commercial Property, 45 Other Minor Structures
- Structures Destroyed: 1,280 Single Residences, 27 Multiple Residences, 66 Nonresidential Commercial Property, 585 Other Minor Structures
- Four (4) civilian deaths have been confirmed by Cal OES Law Enforcement Branch via Lake County Sheriff's Department. Cause of death to be determined.
- An FMAG request has been received by Cal OES and has been forwarded to FEMA Region 9. FEMA Region 9 approved the FMAG on 09/12/15 at 2229 hours. FEMA Declaration Number is FM-5112.

Proclamations

- The U.S. Department of Homeland Security's Federal Emergency Management Agency announced that federal disaster aid has been made available to the State of California and ordered federal aid to supplement state and local recovery efforts in the area affected by the Valley Fire (Lake County) and the Butte Fire (Calaveras County) for (IA) Individual Assistance.
- Governor Edmund G. Brown Jr. has issued an Emergency Proclamation for Lake and Napa Counties due to the effects of the Valley Fire.
- Proclamation of Local emergency received from Lake County due to the Valley Vegetation Fire with no specific requests.
- Proclamation of Local emergency received from Sonoma County due to the Valley Vegetation Fire with requests for CDAA and all available forms of Federal Disaster Assistance and a Presidential Declaration.
- Public Health Local Emergency was made to facilitate request for debris removal assistance.
- California Disaster Assistance Act (CDAA) funding has been approved for Lake and Napa Counties.
- A Proclamation from Napa County has been received declaring a local emergency due to the ongoing Valley Fire and it will be ratified by the Board of Supervisors on 9/22/15
- Public Health Local Emergency proclamation was amended to enable "sweep" of properties for initial rapid removal of hazardous materials.

SITUATION SUMMARY

FIRES, NORTHERN OPERATIONS AREA

Valley, Vegetation Fire, Lake and Napa and Sonoma Counties

Activations

- The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

Community Care Licensing Facilities Impacted:

- Currently there are 5 facilities impacted by the Valley Fire. One facility has burned down.

Recovery Activities

- Recovery activities will be reported as significant changes to information occurs.

SITUATION SUMMARY

FIRES, SOUTHERN OPERATIONS AREA

Rough, Vegetation Fire, Fresno County

Location: 5 miles north of Hume Lake and 2.5 miles southwest of Spanish Mountain

Jurisdiction: FRA

Start Time: 07/31/15 at 1933 hours

Per Cal OES, CAL FIRE, and ICS-209 [as of 10/06/15 at 1747 hours](#):

- 151,623 Acres, 89% Contained
- Structures Destroyed: 1 Nonresidential Commercial Property, 3 Other Minor Structures

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 60 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 12 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County) and City of Willits (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
